Colombo, Sri Lanka

Portfolio

Ayesha Abeyasinghe

SUMMARY

Third-year Information Technology **undergraduate** at SLIIT with a strong passion for **UI/UX Design** and creating user-friendly digital experiences. Skilled in **Figma, wireframing, prototyping, and mobile application design**, with a good understanding of user-centered design principles. Experienced in designing intuitive and visually appealing interfaces through academic and personal projects. Eager to **learn**, improve **design skills**, and contribute to building engaging and effective digital products as a **UI/UX Design Intern**.

EDUCATION

Sri Lanka Institute of Information Technology (SLIIT)	Malabe, Sri Lanka
BSc (Hons) in Information Technology - <i>specialization in Information Technology</i>	2023 - Present
Diploma in English - LPEC Campus	2024 - 2025
G.C.E. Advanced Level - Art Stream	2021
G.C.E. Ordinary Level	2018

PROJECTS

Hostel Management System MERN Stack	2026
- Developed a web based hostel management system for university students .It allowing students and administrator to manage hostel activities digitally and efficiently. - Created wireframes and responsive UI layouts focused on usability, accessibility, and efficient user navigation.	
Smart Campus Operation Hub Spring Boot , React	2026
- A comprehensive platform for managing various campus operations with Technician , Student and admin tools and automated testing and workflows for booking, notifications, and campus management features. - Created responsive layouts and navigation structures to improve usability.	
Farmelo - Selling wholesale veggies and fruits - Mobile App Figma , Kotlin, Android Studio	2025
- Designed the complete UI/UX for a wholesale fruits and vegetables mobile application using Figma, focusing on creating a user-friendly and intuitive experience. - Created wireframes, interactive prototypes, and user-friendly mobile interfaces before development.	
Daily Habit Tracker & Mood journal with Emoji selector & Hydration Reminder -Mobile Application Android studio , Kotlin	2025
- Design and implement an interactive mobile app to manage the daily health routines of users. intuitive wellness tracking interfaces focused on usability and user engagement. - Created visual layouts, navigation flows, and mobile screens to improve user experience.	
New Year 2026 UI/UX Concept – Cake Business Mobile App Figma	2025
- Applied consistent color palettes, typography, and component-based design for design consistency. - Developed visually engaging 3D circular cake elements to create a unique and appealing interface. - Improved skills in UI/UX principles, layout structuring, and design consistency through this project.	

TECHNICAL SKILLS

UI/UX Design: User Interface Design, User Experience Design, Mobile App Design, Responsive Design

Design Tools: Figma, Canva

Design Process: Wireframing, Prototyping, User Flows, Visual Design, Design Systems

Frontend Knowledge: HTML, CSS, JavaScript, React.js

Tools & Platforms: Android Studio, GitHub, VS Code

Concepts: User-Centered Design, Accessibility, Information Architecture, Visual Hierarchy

SOFT SKILLS

Creativity , Team Collaboration , Empathy , Time Management , Design Thinking , Communication

CERTIFICATES

Web Design for Beginners | *University of Moratuwa (CODL) Issued: Feb 2025*

ICT Technician NVQ Level 4 | *Vocational Training Authority-(VTA)*

Figma Course for UI/UX Design | *DP Education , Sri Lanka(Jan 2026)*

Getting Started with ReactJS Components | *(Open Learning) – Simplilearn – 2026*

Followed one year English spoken & Grammar course | *British English Academy*

Successfully completed the leadership & personality development training |
National Youth Corps Training center (NYC)
